SPATIAL WORKSPACE

Designed to be occupied by corporates, this workplace-community utilizes specific, direct systems of movement and adaptability, including a two-level parking structure to meet the parking requirements. A pair of in and out ramps spread across the development, provide easy access to and from the basement.

IDEAL WORK ATMOSPHERE

An integrated system of gardens, cafes, and shared amenities at lobby level makes Brigade Magnum a dynamic modern urban centre. With huge open space, the landscaped area provides vistas and a variety of gathering spaces cooled by water features, shade trees and softscape. It is designed to improve productivity by encouraging informal gatherings and dynamic interaction.
